School-Specific Resources

Med Student?
Yes
Alumni-sponsored Psychiatrist Available to Medical Students

Medical Treatment for a Prior Condition

I Need Meds for a previously diagnosed mental health condition

CAPS will prescribe meds if needed. These can be picked up at Duke Student pharmacy or a retail pharmacy. To minimize risks of error, it is best for one provider to prescribe medications. If there is an established care provider, CAPS recommends continuing medication care with them.

CAPS Psychiatrist will treat you. Meds can be picked up from the Duke Student Pharmacy

Therapy or New Medications

I Want Therapy Through CAPS
1. Call or drop in for CAPS Triage Visit (10 - 3)
2. Future visits can be scheduled between 8 am - 7 pm on weekdays
3. CAPS provide brief treatment, generally lasting a semester or less

If symptoms persist after a semester, CAPS will refer you to community providers. If your insurance is not accepted by local providers, CAPS can assist with finding a provider who takes Duke or other types of insurance.

I Want CAPS To Help Me Find Therapy in Durham
1. Call CAPS and select the referral option from the automated list. Reception will set up an appointment with one of CAPS's referral coordinators
2. The meeting will entail getting to know you and what you're looking for in a therapist. A list of providers will be sent to you after the meeting
3. Use the list to set up consultations with providers in Durham, and eventually start meeting with one of them regularly

The referral counselors will usually follow up with you to ensure that you find a therapist that works for you. If you find that the list of providers given to you is insufficient, they can generate another list.
