

**ORA Assignment by Department as  
of 2/13/23**

|  | <b>Pre-award</b>          | <b>Award Management</b> | <b>Government and Foundation Contracts</b>          | <b>Federal Contracts</b>          |
|--|---------------------------|-------------------------|---|-----------------------------------|
| <b>Anesthesiology</b>  | Brian Donohue             | Patty Fox               | Liz Farris  | Beverly Rymer                     |
| <b>Biochemistry</b>  | Shea Rocheleau            | Jennifer Potter         | Sean Murphy   | Wendell Beres                     |
| <b>Biostatistics and Bioinformatics (RASR)</b>   | Jennifer McCallister      | Yolanda Willingham      | Natalie White                                       | Beverly Rymer                     |
| <b>Brain Imaging and Analysis Center (BIAC)</b>  | Marc Haon                 | Andria Miller           | Emily Morse   | Wendell Beres                     |
| <b>Cell Biology</b>  | Brian Donohue             | Aletta Davis            | Storm Nguyen-McInnis                                | *                                 |
| <b>Center for Study of Aging</b>   | Marc Haon                 | Andria Miller           | Natalie White                                       | *                                 |
| <b>Chancellor Emeritus (RASR)</b>  | Marc Haon                 | Andria Miller           | Natalie White                                       | *                                 |
| <b>Clinical &amp; Translational Science Institute (CTSI)</b>   | Shannon Geddes            | Solita Denard           | Nathan Collins                                      | Based on PI's primary appointment |
| <b>Family Medicine and Community Health *(RASR)</b>  | Shea Rocheleau            | Yolanda Willingham      | Natalie White                                       | Wendell Beres                     |
| <b>Department of Medicine</b>  |                           |                         |   |                                   |
| Divisions of: Cardiology; Cellular Therapy; Clinical Pharmacology; Endocrinology & Metabolism; Geriatrics; Hematological Malignancies; Hematology; Infectious Disease; Rheumatology and Immunology | Melita Lindsey            | Shannon Thomas          | Brooke Marchetti                                    | Wendell Beres                     |
| Divisions of: Center for Applied Genomics and Precision Medicine; Gastroenterology; General Internal Medicine; Nephrology; Oncology; Pulmonary; Medical Genetics                                   | Cindy Owens               | Dekia Bellamy           | Brooke Marchetti                                    | Beverly Rymer                     |
| <b>Dermatology (RASR)</b>  | Jennifer McCallister      | Yolanda Willingham      | Natalie White                                       | *                                 |
| <b>Duke Cancer Institute (DCI)</b>   | Natasha Dozier            | Aletta Davis            | Liz Farris  | Wendell Beres                     |
| <b>Duke Clinical Research Institute</b>  | Shannon Geddes            | Solita Denard           | Nathan Collins (incoming)/ Storm McInnis (outgoing) | Based on PI's primary appointment |
| <b>Duke Early Phase Clinical Research</b>  | Marc Haon                 | Andria Miller           | Natalie White                                       | Beverly Rymer                     |
| <b>Duke Forge (RASR)</b>   | Marc Haon                 | Andria Miller           | Natalie White                                       | *                                 |
| <b>Duke Global Health Institute</b>  | Broderick Grady/Adam King | Molly McCarthy          | Broderick Grady/Adam King                           | Wendell Beres                     |
| <b>Duke Heart Center</b>   | Marc Haon                 | Andria Miller           | Natalie White                                       | Beverly Rymer                     |
| <b>Duke Human Vaccine Institute</b>  | Jennifer McCallister      | Andria Miller           | Emily Morse   | Wendell Beres                     |
| <b>Duke Institute for Health Innovation</b>  | Marc Haon                 | Andria Miller           | Emily Morse   | *                                 |
| <b>Duke Molecular Physiology Institute</b>   | Jennifer McCallister      | Molly McCarthy          | Emily Morse   | Beverly Rymer                     |
| <b>Emergency Medicine</b>  | Martin Friedman           | Jennifer Potter         | Elizabeth Johnson                                   | Beverly Rymer                     |
| <b>Executive Vice Dean/Provost (RASR)</b>  | Marc Haon                 | Andria Miller           | Natalie White                                       | *                                 |
| <b>Global Health Innovation Center</b>   | Broderick Grady/Adam King | Molly McCarthy          | Broderick Grady/Adam King                           | *                                 |
| <b>Immunology</b>  | Shea Rocheleau            | Jamie Turner            | Sean Murphy   | Wendell Beres                     |
| <b>Interdisciplinary Programs (RASR)</b>   | Marc Haon                 | Andria Miller           | Natalie White                                       | *                                 |
| <b>Marcus Center for Cellular Cures (RASR)</b>   | Marc Haon                 | Andria Miller           | Natalie White                                       | *                                 |
| <b>Medical Scientist Program</b>   | Marc Haon                 | Andria Miller           | Natalie White                                       | *                                 |
| <b>Molecular Genetics and Microbiology</b>   | Shea Rocheleau            | Jamie Turner            | Sean Murphy   | Beverly Rymer                     |
| <b>Neurobiology</b>  | Marc Haon                 | Andria Miller           | Emily Morse   | *                                 |
| <b>Neurology (RASR)</b>  | Marc Haon                 | Andria Miller           | Natalie White                                       | Beverly Rymer                     |
| <b>Neurosurgery</b>  | Martin Friedman           | Jamie Turner            | Elizabeth Johnson                                   | *                                 |
| <b>Obstetrics/Gynecology (RASR)</b>  | Marc Haon                 | Andria Miller           | Natalie White                                       | Beverly Rymer                     |
| <b>Ophthalmology</b>   | Natasha Dozier            | Patty Fox               | Liz Farris  | Beverly Rymer                     |
| <b>Orthopedics (RASR)</b>  | Marc Haon                 | Andria Miller           | Emily Morse   | Beverly Rymer                     |
| <b>Pathology (RASR)</b>  | Natasha Dozier            | Yolanda Willingham      | Natalie White                                       | Wendell Beres                     |
| <b>Pediatrics</b>  | Natasha Dozier            | Patty Fox               | Liz Farris  | Beverly Rymer                     |
| <b>Pharmacology</b>  | Shea Rocheleau            | Jamie Turner            | Sean Murphy   | Beverly Rymer                     |
| <b>Population Health (RASR)</b>  | Marc Haon                 | Yolanda Willingham      | Natalie White                                       | Wendell Beres                     |
| <b>Psychiatry</b>  | Brian Donohue             | Aletta Davis            | Storm Nguyen-McInnis                                | Wendell Beres                     |
| <b>Radiation Oncology (RASR)</b>   | Brian Donohue             | Yolanda Willingham      | Natalie White                                       | Beverly Rymer                     |
| <b>Radiology (RASR)</b>  | Melita Lindsey            | Yolanda Willingham      | Natalie White                                       | Wendell Beres                     |
| <b>School of Nursing</b>   | Shea Rocheleau            | Jennifer Potter         | Elizabeth Johnson                                   | Beverly Rymer                     |
| <b>Surgery</b>   | Martin Friedman           | Jennifer Potter         | Elizabeth Johnson                                   | Beverly Rymer                     |
| <b>Surgery, Head and Neck</b>  | Martin Friedman           | Jennifer Potter         | Elizabeth Johnson                                   | Beverly Rymer                     |

**Activities assigned to ORA personnel:**

New applications (excluding industry projects that are not applications)  
RPPRs  
JIT responses  
Post submission materials  
Grant transfers coming to Duke

Awarding federal grants  
Prior approval requests  
NCE/extension requests  
Carryover requests  
Rebudgets  
Shopping carts/RSSAs  
WBSE requests  
Closeouts

Federal and foundation agreement, incoming and outgoing

All aspects of federal contracts and OTAs except Duke closeout task lists

Residual balance review  
Grant transfers leaving Duke  
Internal effort reduction requests

\* Please contact Rob Caudle for assignment
