# By-Laws of the Davison Society

(Approved by the Davison Council General Body: 4/2/2024)

## Item 1. Finances

- A. The fiscal year shall be defined as the period from July 1 through June 30 of each calendar year.
- B. The Davison Council fund overall shall maintain a minimum balance of \$3000.
- C. Each student shall be assessed a membership fee annually to be collected with tuition for the fall and spring term. This amount will be published by the treasurer and cannot be changed without a majority vote of the Davison Council.
- D. Student groups shall receive funding from the Davison Council biannually. These groups shall be subject to periodic review by the Student Activities and Budget Committee. Funding granted by the Davison Council may be withdrawn at any time at the discretion of the Treasurer and Budget Committee.

## Item 2. Davison Council Attendance

- A. As a Davison Council member, attendance at all business meetings is essential. However, it is understood that other commitments do arise requiring absence from a meeting. If this is the case, a member must notify the Chief of Staff of his/her expected absence at least 3 days prior to the meeting date. Furthermore, the member should make reasonable efforts to have his/her voice expressed at the missed meeting.
  - a. Such efforts may include, but are not limited to: (a) designation of a proxy to speak and vote on the member's behalf by notifying the Chief of Staff at least 24 hours in advance of such representation, or (b) submission to the Chief of Staff of appropriate votes and/or a written statement to be read to the Davison Council at least 24 hours in advance of the meeting to be missed.
- B. If a member misses two consecutive *business* meetings, the Chief of Staff will bring this to the attention of the Executive Council at the soonest Executive Council Meeting. At this time, the Executive Council will evaluate the member's ability to adequately fulfill their role within Davison Council. The member has the right to attend this meeting and speak on their own behalf. At the conclusion of this meeting, the Executive Council will decide upon the member's future status within Davison Council. This may include but is not limited to replacement by another student, probationary status in which the member must attend the next two *business* meetings so as to regain full membership status, and forgiveness of the absences with continuance of full membership status.
- C. Any voting member of the Davison Council, who, at the time of election of Davison Council members, has missed 4 or more Davison Council meetings for any reason since the last election year, will be barred by the Davison Council from running for election in the following year to any Davison Council position, excluding positions on Davison Council committees, standing subcommittees, and ad hoc committees. Voting members in their second (core clerkship) year of studies will be allowed to miss an additional meeting in recognition that rotations often occur away from the School of Medicine and preclude a member's attendance. Thus, second (core clerkship) year students who have missed 5 or more meetings for any reason since the last election will be barred by the Davison Council from running for election in the following year to any Davison Council position, excluding positions on Davison Council committees, standing subcommittees, and ad hoc committees. This clause does not extend to fourth (elective clerkship) year students. The President or Chief of Staff will advise the involved member of this restriction privately. If the involved member is the only nominee for a future position, she/he may be allowed to run for that position.
- D. Business meetings are defined at the sole discretion of the Davison Council President and typically consist of general body meetings, class council meetings, and executive board

meetings to applicable individuals. Questions on if a meeting is considered a business meetings should be directed to the Davison Council president.

- D. In the event there are no applicants for a given Executive Committee position, Davison Council President may choose to extend the nomination period by a minimum of 3 days and no more than 1 week or the current representative will be extended an offer to continue their role for an additional term. - ii. The Class President shall be decided in a simultaneous vote in which students may cast one vote for any candidate for Class Council who has indicated interest in serving as the Class President. The candidate with the most individual votes shall become the Class President. The Class President must have been among the five candidates with the most votes for Class Council. In the case that the candidate with the most votes for Class President is not among the five candidates with the most votes for Class Council, then the position of Class President shall be designated to the candidate with the second-most votes, and so on, until the Class President is also among the five candidates with the most votes for Class Council. In the event of a tie for Class President, there will be a run-off election between the involved candidates.
- iii. In the case of a tie in the class council elections for the final position or positions (e.g two or more person tie for fifth place or three or more person tie for fourth place), a runoff election will be held whereby each member of the class will have a number of votes equal to the number of openings remaining (i.e. one vote for a tie for fifth, two votes for a tie for fourth). Prior to the opening of the election it is recommended that the Chief of Staff confirm that the students involved are still interested in running for the position before announcing the election to the class. In addition, the results from the remainder of the election shall not be released prior to the runoff election to promote maximum participation and leave the election free of undue outside influences.
