  Closing Event

All meeting times are confirmed. Exact topics may rotate based on speaker availability. Additional session may be added based on the cohort’s interest. Sessions are currently planned as virtual sessions, if social distancing guidelines change as the year progresses sessions will be moved to an in person setting. Times and dates will remain the same. Locations will be in and around the Trent Semans Center, Duke Medical Pavilion, Duke South and Duke North.

08.24.20
The following are other seminars, sessions and initiatives offered by the Office for Faculty. They are not required as part of the ADVANCE-UP program, however they address many topics that are useful to junior faculty. If your schedule permits these sessions are highly recommended.

**New Faculty Orientation Series**

- Welcome and Getting to Know the Institution
- Appointments, Promotion, and Tenure in the Clinical Sciences
- Appointments, Promotion, and Tenure in the Basic Sciences
- The History of Duke in Durham and Health Disparities
- Funds Flow in the School of Medicine
- Upholding an Environment of Integrity and Inclusion
- Faculty Development Resources
- Navigating the Research Mission - basic science focus
- Navigating the Research Mission - clinical/data science focus

**Getting Back to Basics**
