Translational science at Duke – tell us what it means to you
Register for a focus group to tell us what translational science means to you and what role you think Duke should play in promoting translational research. Groups capped at 20 people each.
Monday, 4/13, 1:00-2:00pm - early career faculty (Instructor, Assistant professor)
Wednesday, 4/22, 1:00-2:00pm - senior faculty (Professor, Emeritus)
Thursday, 4/23, 9:00-10:00am - mid-career faculty (Associate professor)
Monday, 4/27, 8:30-9:30am - faculty at any career stage and teaching staff

Great feature in Maestro Care for Research!
You will now receive an In-Basket message when a patient enrolled in a billing risk study arrives in the Emergency Room or is admitted to the hospital. See the DOCR wiki space to read more.

Delays with contract process?
If you are experiencing delays in the contracting process (with Duke or sponsor), please contact Lindsey Spangler in DOCR (mailto:lindsey.spangler@duke.edu). She will be able to research the issue and help guide the contract through the process.
