Book Discussion
“The Secret Game: A Wartime Story of Courage, Change, and Basketball’s Lost Triumph”
by Scott Ellsworth, MA’77, PhD’82
Washington Duke Inn, Biddle Room

In 1944, during the Jim Crow era, a team of white students from Duke University School of Medicine and black students from North Carolina College for Negroes (NCCN) (now NC Central University) played a secret, illegal basketball game behind locked doors at NCCN. It was one of the first integrated sports events in the South. The book includes much
about the history of basketball, race relations, and the history of both the School of Medicine and NCCN. Ellsworth’s book has received praise from many corners, including the New York Times, the Boston Globe, and Coach Mike Krzyzewski.
