Apply now to join the inaugural Duke IPEC Center Student Advisory Committee

This team will include selected representatives from medicine, nursing, physician assistant, and physical therapy programs.

The essence of Interprofessional Education according to the World Health Organization is defined as learning “about, from, and with each other”.

Why apply to be part of the Student Advisory Committee (SAC)?
- Opportunity for you to engage with those outside your profession to collaborate on innovative interprofessional education programs
- Development of your leadership skills
- Grow your professional networks
- Represent your peers in identifying priorities for interprofessional education and practice

FAQ’s:
- The SAC will be a competitive selection process based upon completion and review of submitted applications
- SAC will meet quarterly with the first meeting in late October 2020 (date TBA) and will reconvene in Spring 2021
- Applications will be accepted electronically September 14-30
