

SATISFACTORY ACADEMIC PROGRESS POLICY FOR FINANCIAL AID

Federal regulations that went into effect July 1, 2011 require that Duke establish and implement a policy to measure whether students applying for and/or receiving financial aid are making satisfactory academic progress (SAP) towards a degree. This regulation applies to all students applying for aid, whether or not financial aid has been previously received. Satisfactory Academic Progress (SAP) is the successful completion of degree requirements according to established increments that lead to awarding the degree within published time limits. There are three measurements that are used to determine eligibility: Credit Hour Requirement, Grade Point Average and Maximum Time Frame. Not meeting these requirements may result in loss of all financial aid. Below is an explanation of these requirements:

Monitoring of Academic Progress

Students' progress will be reviewed after grades are finalized, with the exception of Medicine which will be at the end of each year. A determination of eligibility to receive financial aid for subsequent enrollment periods will be made at this time. Although Duke will send a notification to the student, the student is fully responsible for monitoring their own academic progress as it relates to financial aid eligibility. The student should review their grades on an on-going basis and compare it to the standards set forth in this SAP policy to determine if they are meeting (or failing to meet) the established criteria.

Evaluations will be done in a timely manner; however the next term, (or year for medicine), may be in progress at the time we are able to notify students of their ineligibility. Should the student be concerned that they may not have met the requirements, they may contact the Financial Aid Office during normal business hours. Students will be notified via their Duke e-mail account if they have failed the measurement. Students may appeal the decision. The appeal form and directions will be located on our website.

Frequency of Evaluation & Communication of Status

Satisfactory Academic Progress for students enrolled in Allied Health Programs, and Doctor of Medicine second year and fourth year will be checked when grades become available for each term in which the student is enrolled (including summer). Satisfactory Academic Progress for students enrolled in the Doctor of Medicine first and third year will be checked at the end of each year. Students not achieving SAP will be notified of their status (Financial Aid Warning, loss of eligibility, or Financial Aid Probation) by email to their University email account.

A student who fails to meet any of the standards will be placed on a **Financial Aid Warning** for the next semester. (Students already on a Financial Aid Warning will lose federal aid eligibility.)

Financial Aid Warning & Loss of Federal Financial Aid Eligibility

A student who fails to meet SAP will be automatically placed on "financial aid warning" for the next enrollment period.

During the "financial aid warning" enrollment period, the student may receive federal financial aid despite the determination that the student is not meeting SAP standards.

The student must meet SAP standards at the end of the financial aid warning period or will be suspended from further financial aid until such time as the student:

- meets SAP standards (student must pay for any additional course enrollment after the financial aid warning period through personal or private funds), or
 - successfully appeals and is placed on financial aid probation (outlined below)
- Students will be notified of their status at the time of each SAP evaluation. Those who lose eligibility will be notified by email, and the email will include instructions for appealing the loss of eligibility.

There are three (3) parts to the measurement and they are explained below:

1. Maximum Time Frame for Eligibility: Reviewed Each Term/Year

The normal time frame for completion of required course work is determined by each program. Students are allowed to take 1.5 times the years of the program to complete the degree. Leave of Absences (LOA) are not counted unless the time frame from the date of matriculation reaches 10 years. Students are not allowed to take more than 10 years, including LOAs, to complete degree requirements.

2. Quantitative: Reviewed at the end of each Term/Year

Students must successfully complete a minimum of 70% of the total number of hours for which they are enrolled after the first week of the enrollment period and cumulatively. . Each program determines progress to be reasonable by dividing the cumulative number of credits the student has successfully completed by the cumulative number of credits the student has attempted.

Describe the first- fourth progression. Make completion rate 100% in that all classes must be passed before can progress.

3. Qualitative Requirement: Reviewed at the end of each Term/Year

Successful completion of a course for all students, for purposes of SAP calculations, means a student must earn the equivalent of 70 percent or better. All other grades, including F (Fail), I (Incomplete), or W (Withdrawal) will not be counted as successful completion. Only an incomplete that has been changed to a passing grade (70 percent or better) can be added to the number of hours completed for the semester of the original registration. It is the students' responsibility to notify the Office of Financial Aid once an incomplete grade has been changed to a valid grade.

SAP Probation and Appeal Process

Students who lose eligibility for financial aid may appeal the decision by following the procedures outlined below. Those wishing to utilize this process must indicate mitigating circumstances that occurred during the course of the semester or year in question, that could not have been anticipated prior to that period, and that adversely affected their ability to successfully complete their required coursework. (Events such as the death of an immediate family member, extended illness suffered by the student, or other unforeseeable events that may have caused significant hardship for the student may be considered as examples of mitigating circumstances.) To appeal, a student must:

- Submit a letter of appeal to the Financial Aid Office. The appeal letter should include the following:
 - Mitigating circumstances that prevented the student from meeting the requirements of academic progress (e.g. death in the family, student illness or injury, other personal circumstances). Mitigating circumstances do not include: withdrawing from classes to avoid failing grades, pursuing a second major or degree, etc.
 - Documentation that supports the student's basis for the appeal
 - Steps the student has taken/will take to ensure future academic success. This plan should outline the student's academic goals for each period (e.g. number of credit hours and/or cumulative GPA) that will enable the student to meet the requirements of academic progress at a specified future point in time.
 - Anticipated graduation date

- In most cases, the SAP Appeals Committee will render a decision within two weeks of receipt of a fully completed appeal. All decisions of the SAP Appeals Committee are final. Notification of the decision will be sent via the students Duke e-mail account.

- The promotions committee will monitor and review progress of the student. Failure to meet SAP during the probationary period may result in dismissal from the program.

- If the SAP appeal is approved, financial aid will be awarded for the next semester on a probation period as long as an approved Academic Plan is in place. An Academic Plan must be formulated with your advisor.
If the SAP appeal is denied, financial aid will be cancelled. If you have been denied aid please review the section **Regaining Financial Aid Eligibility** below.

- Term and Academic Plans and/or other conditions of appeal approval will be included in the notification letter.

Upon receipt of all completed appeal materials, the student will be considered for a probationary semester of financial aid in order to reestablish satisfactory academic progress. Students whose appeal is approved will be placed on financial aid probation. Academic progress will be evaluated at the conclusion of each enrolled term for students on academic probation.

Students who fail to meet the requirements for academic progress for their probationary semester or do not complete the requirements of their academic plan will again be ineligible for financial aid and subject to the appeal process.

Students who meet the requirements for academic progress for their probationary semester will resume good standing and again be evaluated at the conclusion of the following term/year.

Regaining Financial Aid Eligibility

Students denied financial aid after completing the appeal process or fail to meet their Academic Plan can regain full eligibility for financial aid by:

- Successfully completing coursework that will meet or exceed the minimum required for their total attempted hours.
- Raise their coursework attempted to the 70 % level as required by their program.
- Students who have reached their maximum time frame are not able to regain eligibility

Students who are ineligible to receive financial aid may use one or more of the following payment options while attempting to regain eligibility: student's own resources, Duke Tuition Management Payment Plan, and/or Alternative/Private Educational Loans. Students who have taken the necessary measures to regain eligibility for financial aid must contact the Office of Financial Aid immediately upon doing so and apply for Reinstatement of Eligibility. Students' academic performance will then be reviewed, and if all required SAP criteria is met, full financial aid eligibility will be reinstated, effective the following semester.

This policy has been vetted and approved by the School of Medicine educational programs, Advisory Deans, Promotions committee, and the Curriculum Advisory Group.
